INFORMATION FOR BIDDERS

1. **PREPARATION OF BID FORM:** The Placentia Library District (“District”) invites bids on the form attached to be submitted at such time and place as is stated in the Notice Inviting Sealed Bids. All blanks on the bid form must be appropriately filled in. All bids shall be submitted in sealed envelopes bearing on the outside the name of the bidder, his address, and the name of the project for which the bid is submitted. It is the sole responsibility of the bidder to see that the bid is received in the proper time. Any bid received after the scheduled closing time for receipt of bids will be returned to the bidder unopened.
2. **BID GUARANTEE:** Each bid shall be accompanied by cash or by a cashier's or certified check or by a bid bond in the amount of not less than ten percent (10%) of the amount stated in the bid. Said check or bond shall be made payable to the Placentia Library District and shall be given as a guarantee that the bidder, if awarded the work, will enter into a contract within ten (10) days after written notice of the award and will furnish the necessary bonds as hereinafter provided. In case of refusal or failure to enter said contract, the check or bond, as the case may be, shall be forfeited to the District. No bidder's bond will be accepted unless it conforms substantially to the form furnished by the District, which is bound herein, and is properly filled out and executed.
3. **SIGNATURE:** The bid must be signed in the name of the bidder and must bear the signature in longhand of the person or persons duly authorized to sign the bid on behalf of the bidder.
4. **MODIFICATIONS:** Changes in or addition to the bid form, recapitulations of the work bid upon, alternative bids or any other modifications of the bid form which is not specifically called for in the Contract Documents and Specifications may result in the District's rejection of the bid as not being responsive to the invitation to bid. No oral or telephonic modification of any bid submitted will be considered. The bid submitted must not contain any erasures, interlineation, or other corrections unless each such correction is suitably authenticated by affixing in the margin immediately opposite the correction the surname or surnames of the person or persons signing the bid.
5. **DISCREPANCIES WITHIN A BID:** In case of discrepancy between words and figures, the words shall prevail. If the amounts bid on individual items (if called for) do not in fact add to the total amount shown by the bidder, the correctly added total of the individual items shall prevail over the total figure shown. The estimated quantities and amounts are for the purpose of comparison of bids only. The District reserves the right to reject any or all bids and to waive any irregularity or informality in any bid to the extent permitted by law.
6. **BIDDER'S EXAMINATION OF SITE:** Each bidder shall examine carefully the site of the proposed work and the Contract Documents and Specifications therefore. It will be assumed that the bidder has investigated and is satisfied as to the conditions to be encountered as to the character, quality, and quantity of materials to be furnished, and as to the requirements of the contract, specifications and drawings. The name of the individual who examined the site of the work and the date of such examination shall be stated in the bid.

By submitting a bid, the bidder will be held to have personally examined the site and the drawings, to have carefully read the Contract Documents and Specifications, and to have satisfied himself as to his ability to meet all the difficulties attending the execution of the proposed contract before the delivery of his bid, and agrees that if he is awarded the contract, he will make no claim against the District based on ignorance or misunderstanding of the Contract Documents and Specifications.

7. WITHDRAWAL OF BIDS: Any bidder may withdraw his bid either personally, by written request, or by e-mail, which is received by the Library Director Jeanette Contreras confirmed in the manner specified above prior to the scheduled closing time for receipt of bids.
8. INSURANCE AND BONDS: The Contractor shall not commence work under the contract until he has secured all insurance and bonds required under this section and as required in the contract, nor shall he allow any subcontractor to commence work on this subcontract until all similar insurance issued in compliance with this section shall be issued in the form, and be an insurer of the insurers, satisfactory to and first approved by the District in writing. Certificates of Insurance in the amounts required and an additional insured endorsement or copy of the policy evidencing same, shall be furnished by the Contractor to the District prior to the commencement of work.

The Contractor shall maintain adequate Workmen's Compensation Insurance under the laws of the State of California for all labor employed by him or by any subcontractor under him who may come within the protection of such Workmen's Compensation Insurance laws.

The Contractor shall maintain public liability insurance to protect said Contractor and the District against loss from liability imposed by law, for damages on account of bodily injury, including death resulting therefrom, suffered or alleged to have been suffered by any person or persons, other than employees, resulting directly or indirectly from the performance or execution of this contract or any subcontract thereunder, and also to protect said Contractor and the District against loss from liability imposed by law, for damage to any property. Damage insurance shall be maintained by the Contractor in full force and effect during the entire period of performance under this contract, in the amount of not less than \$2,000,000 for any person injured and in the amount of not less than \$500,000 with respect to any property damage.

The Contractor shall secure with a responsible corporate surety, or corporate sureties, satisfactory bonds conditioned upon faithful performance by the Contractor of all requirements under the contract and upon the payment of claims of materials, men and laborers thereunder. The Faithful Performance Bond shall be in the sum of not less than one hundred percent (100%) of the estimated aggregate amount of the payment to be made under the contract computed on the basis of the prices stated in the bid. The Labor and Material Bond shall be in the sum of not less than one hundred percent (100%) of the estimated aggregate amount of the payments to be made under the contract computed on the basis of the prices stated in the bid.

9. INTERPRETATION OF CONTRACT DOCUMENTS AND SPECIFICATIONS: If any person contemplating submitting a bid for the proposed work is in doubt as to the true meaning of any part of the Contract Documents and Specifications, or finds discrepancies in, or omissions from same, he may submit to the District a written request for an interpretation or correction thereof. The person submitting the request will be responsible for its prompt delivery. Any interpretation or correction of the Contract Documents and Specifications will be made only by addendum duly issued and a copy of such addendum will be mailed or delivered to each person receiving a set of the contract document. No person is authorized to make any oral interpretation of any provision in the Contract Documents and Specifications to any bidder, and no bidder is authorized to rely on any such unauthorized oral interpretation.
10. DISQUALIFICATION OF BIDDERS: More than one bid from an individual, firm partnership, corporation, or association under the same or different names, will not be considered. Reasonable grounds for believing that any bidder is interested in more than one bid for the work contemplated will cause the rejection of all bids in which such bidder is interested. If there is reason for believing that collusion exists among the bidders, all bids will be rejected and none of the participants in such collusion will be considered in future bids.

No award will be made to any bidder who cannot give satisfactory assurance as to his ability to carry out the contract, both from his financial rating and by reason of his previous experience as a Contractor on work of the nature contemplated in the Contract. The bidder may be required to submit his record of work of similar nature to that proposed under the Specifications, and unfamiliarity with the type of work may be sufficient cause for rejection of the bid.

11. INELIGIBLE SUBCONTRACTORS: The successful bidder shall be prohibited from performing work on this Project with a subcontractor who is ineligible to perform work on the Project pursuant to Section 1777.1 or 1777.7 of the Labor Code.
12. AWARD OF CONTRACT: No bid will be considered from a Contractor who is not licensed as a Class B contractor at time of award in accordance with the provisions of the Contractor's License Law (California Business and Professions Code, Section 7000 et seq.) and rules and regulations adopted pursuant thereto or to whom a bid form has not been issued by the Placentia Library District. The award, if made, will be made within ninety (90) calendar days after the opening of the bids; provided that the award may be made after said period if the successful bidder shall not have given the District written notice of the withdrawal of his bid.

A contractor or subcontractor shall not be qualified to bid on, be listed in a bid, subject to the requirements of Public Contract Code §4104, or engage in the performance of any contract for public work, as defined in the Public Contract Code, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of Labor Code §1771.1 for an unregistered contractor to submit a bid that is authorized by Business and Professions Code § 7029.1 or by Public Contract Code §§ 10164 and 20103.5, provided the contractor is registered to perform public work pursuant to Labor Code § 1725.5 at the time the contract is awarded.

This Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

The Contractor is required to post the job sites as prescribed by regulation pursuant to Labor Code § 1771.4 and all contractors must secure the payment of compensation to its employees pursuant to Labor Code § 1869.

14. COMPETENCY OF BIDDERS: In selecting the lowest responsible bidder, consideration will be given not only to the financial standing but also to the general competency of the bidder including qualifications, references, proper licensing, adequate workforce and experience for the performance of the work covered by the bid.

DISTRICT PROJECT NO. PLD-2018-003

1. GENERAL CONDITIONS

All work shall be done in accordance with the Contract Documents and Specifications for Project No.: PLD-2018-003.

2. AWARD AND EXECUTION OF CONTRACT.

- (a) Examination of Plans, Specifications, General Provisions, and Site of Work: The bidder is required to examine carefully the site, its bid, and the Contract Documents and Specifications for the work contemplated, and it will be assumed that the bidder has investigated and is satisfied as to the conditions to be encountered, including all installations and utilities, whether underground, surface or overhead, as to the character, quality and quantities of work to be performed and materials to be furnished, and as to the requirements of the specifications, the special provisions and the Contract. It is mutually agreed that submission of a bid shall be considered prima facie evidence that the bidder has made such examination.
- (b) Bid Form: All bids must be made upon forms obtained from the District from its website or at Placentia Library District 411 East Chapman Avenue, Placentia, California. All bids must give the prices proposed, both in writing and figures, and must be signed by the bidder, and his address shown. If the bid is made by an individual, his name and post office address must be shown. If made by a firm or partnership, the name and post office address of each member of the firm or partnership must be shown. If made by a corporation, the bid must show the name of the state under the laws of which the corporation was chartered and the names, titles, and business addresses of the president, secretary, and treasurer.
- (c) Rejection of Bids Containing Alterations, Erasures or Irregularities: Bids may be rejected if they show any alterations or form additions not called for, conditional or alternative bids, incomplete bids, erasures, or irregularities of any kind.

3. CONTROL OF MATERIALS

(a) Guarantee. The Contractor and all subcontractors, suppliers, and vendors, shall guarantee that the entire work will meet all requirements of this contract as to the quality of materials, equipment, and workmanship. The Contractor, at no cost to the District, shall make any repairs or replacements made necessary by defects in materials, equipment, or workmanship that become evident within 1 year after the date of acceptance of work. Within this 1-year period, the Contractor shall also restore to full compliance with requirements of this contract any portion of the work which is found to not meet those requirements. The Contractor shall hold the District harmless from claims of any kind arising from damages due to said defects or noncompliance. The Contractor shall make all repairs, replacements, and restorations within 30 days after the date of the Project Manager's written notice.

(b) Test of Materials. Except as elsewhere specified, the District will bear the cost of materials testing and independent acceptance testing, if any. The cost of all other tests, including the retesting of materials and independent acceptance testing that fails to pass the first test, shall be borne by the Contractor.

(c) To the extent required, the Contractor shall notify any effected utilities (copy to District) of the project. The Contractor is responsible for protecting any utility lines which need protection during the course of construction.

4. ORDER AND TIME OF WORK.

The order of work, except where otherwise specifically required by the Plans and Specifications, shall be determined by the Contractor who shall be solely responsible for coordinating all subcontract and prime contract work to minimize delays during construction.

The Contractor shall schedule his work in order to be as least disruptive as possible to adjacent businesses and residents.

Daytime work hours shall be 7:00 a.m. to 4:00 p.m. Monday - Friday. Saturday work hours, if permitted, must be requested at least one week (7 Calendar Days) in advance to the Project Manager, and shall be 8:00 a.m. to 4:00 p.m.

Nighttime work hours may be permitted at District's discretion. If granted, the District and Contractor shall agree in writing the hours that construction work will be permitted. Contractor shall not be entitled to any increase in the contract price due to any additional costs Contractor incurs, including overtime, in scheduling the work, unless such scheduling is at District's request.

The Contractor shall comply with all City of Placentia sound control and noise level rules, regulations, and ordinances which apply to any work performed, and shall make every effort to control any undue noise resulting from the construction operation.

The District reserves the right to stop work if the Project Manager determines that these conditions are being violated.

5. RESPONSIBILITIES OF THE CONTRACTOR IN CONDUCT OF WORK

Until the formal acceptance of the work by the District, the Contractor shall have the charge and care thereof and shall bear the risk of injury or damage to any part thereof by the action of the elements or from any other case, whether arising from the execution or from the non-execution of the work. The Contractor shall rebuild, repair, restore, and make good all injuries or damages to any portion of the work occasioned by any of the above causes before final acceptance and shall bear the expense thereof, except such injuries or damages occasioned by acts of the District or its patrons.

6. WORK SITE MAINTENANCE

It is part of the service required of the Contractor to make whatever provisions are necessary to protect the public. The Contractor shall use foresight and shall take such steps and precautions as his operations warrant to protect the public from danger, loss of life or loss of property, which would result from interruption or contamination of the public water supply, interruption of other public service, or from the failure of partly completed work or partially removed facilities. Unusual conditions may arise on the work which will require that immediate and unusual provisions be made to protect the public from danger or loss, or damage to life and property, due directly or indirectly to prosecution of work under the contract.

7. PAYMENT

The Contractor agrees that the payment of the amount under the contract, and the adjustment and payment for any work done in accordance with any alterations of the same, shall release the District, its officers, agents and employees of any and all claims or liability on account of work performed under the Contract or any alterations thereof.

(a) Progress Payments. The Contractor shall be entitled each month to a monthly progress payment in an amount equal to ninety-five percent (95%) of the estimated percentage of actual work completed by the end of the preceding calendar month, based on the contract price less all previous payments. Subject to the provisions of Section 22300 of the Public Contract Code, a five percent (5%) retention will be withheld from each payment. All invoices and detailed pay requests shall be submitted to the Project Manager by the 25th day of each month for the preceding calendar month and must be approved by the Project Manager prior to submittal to the District for payment. The District will pay each approved invoice within 30 days of the invoice approval. In all events, the District shall withhold no less than five percent (5%) of the contract price until final completion and acceptance of the work and any liquidated damages that may have accrued.

Payments by the District or acceptance of invoices by the Project Manager shall in no way be considered as an acceptance of any part of the work or material of the Project, nor shall it in any way govern the final estimate.

Acceptance of any progress payment without written protest shall be an acknowledgment by the Contractor that the number of accumulated contract days shown on the associated statement of working days is correct. Progress payments made by the District to the Contractor after the completion date of the Contract shall not constitute a waiver of liquidated damages.

The Contractor shall submit with its invoice the Contractor's conditional waiver of lien for the entire amount covered by such invoice; valid unconditional waivers of lien from the Contractor and all subcontractors and material-men for all work and materials included in any prior invoices. Waivers of lien shall be in the forms prescribed by California Civil Code Section 3262. Prior to final payment by the District, the Contractor shall submit a final waiver of lien for the Contractor's work, together with releases of lien from any subcontractor or material-men.

(b) Final Payment. After the completion of the Contract, the District shall make a final inspection of the work done thereunder, and if entirely satisfactory and complete, the District shall pay to the Contractor an amount which, when added to the payments previously made and deductions allowable to the District, will equal ninety-five percent (95%) of the contract price. Thereafter the balance of the contract price remaining unpaid shall be paid thirty-five (35) calendar days after the recording of a Notice of Completion by the District. The payment of the final amount due under the Contract and the adjustment and payment for any work done in accordance with any alterations of the same shall release the District from any and all claims on account of the work performed under the Contract or any alterations thereof. Final payment to Contractor shall be withheld for at least 30 days after the time in which Contractor has verified, to the District's satisfaction, that it has submitted all information to the Department of Industrial Relations required by Labor Code §1773.3.

8. FINAL CLEANUP AND CLOSEOUT.

Upon completion of the work, and before acceptance and final payment is made by the District, the Contractor shall clean the Project site and areas occupied in connection with the work. All rubbish, excess materials, falsework, temporary structures, and equipment shall be removed; and all parts of the work shall be left in a neat and presentable condition.

9. FINAL INSPECTION AND ACCEPTANCE.

The Contractor shall notify the Project Manager a minimum of five working days in advance when a final inspection of the work is desired. If the Project Manager agrees that the work is complete and ready for inspection, he will, as soon thereafter as possible, make the necessary examinations. No final acceptance of the work shall be allowed until all check (punch) list items to be rectified have been corrected and any subsequent final inspections have been performed.

CONTRACTOR'S LIABILITY: The District, its officers, agents and employees ("Indemnitees") shall not be answerable or accountable in any manner for any loss or damage that may happen to the work or any part thereof, or for any of the materials or other things used or employed in performing the work; or for injury or damage to any person or persons, either workers or employees of Contractor, of its sub-contractors or the public, or for damage to adjoining or other property from any cause whatsoever arising out of or in connection with the performance of the work. Contractor shall be responsible for any damage or injury to any person or property resulting from defects or obstructions or from any cause whatsoever.

Contractor will indemnify Indemnitees against and will hold and save Indemnitees harmless from any and all actions, claims, damages to persons or property, penalties, obligations or liabilities that may be asserted or claimed by any person, firm, entity, corporation, political subdivision, or other organization arising out of or in connection with the work, operation, or activities of Contractor, its agents, employees, sub-contractors or invitees provided for herein, whether or not there is concurrent passive negligence on the part of District.
