

# Community Conversations

Let your voice be heard! We're planning for upcoming renovations to celebrate **100 years of library service** in Orange County. We need your help. Have ideas for improving your library? Have a picture of a place that inspires you to learn and create? Join us to share your thoughts with our staff and innovative architects.

If you're unable to attend this meeting, please share your ideas and pictures with us by sending us an email at [DesignPLD@placentialibrary.org](mailto:DesignPLD@placentialibrary.org). Or, stop by anytime and leave your feedback with a staff member at Placentia Library District.
