Dear Placentia Library Readers,

As the holiday season approaches, we wanted to take a moment to express our heartfelt gratitude for your ongoing support and participation in our library community. It is your enthusiasm and love for learning that make our library a vibrant and welcoming space for all.

During this festive time of year, we reflect on the joy that libraries bring to people’s lives. They are not merely buildings filled with books; they are gateways to knowledge, creativity, innovation, and imagination. Our library is a place of endless possibilities where stories come alive, where minds are nurtured, and where connections are forged.

Allow the enchanting stories, insightful words, and our passport services to transport you to new worlds and open your mind to different perspectives. Embrace the power of literature to ignite your imagination and foster a deeper understanding of the world around you. There is a litany of books and library of things items for you to enjoy during this holiday!

Remember, our library is not just a place for books; it is a community. It is a gathering of individuals who share a passion for knowledge, discovery, and lifelong learning. We encourage you to connect with fellow patrons, participate in our events, and join our book club. Together, we can create a vibrant and supportive network where ideas flow freely, and friendships flourish.

This holiday season, let the library be your sanctuary—a haven of comfort and joy. Find solace in the pages of a favorite book, embark on new literary adventures, and relish the time spent with loved ones sharing stories and laughter.

Meet Our Tutors and Learners

Our tutor, Dennis, and his learner, Mehrdad, share their tutoring experience:

DENNIS
After completing my bachelors in Psychology, I returned home and wanted to become more integrated into my local community. I was in search of volunteer work and came across an opportunity to do ESL tutoring with the Placentia Library District. Not only would such an opportunity allow me to utilize skills I learned completing my undergraduate studies, but also support members of my community through the power of education, especially within the scope of English language. Once I applied and finished my training, Sally connected me with Mehrdad Sedghi - one of the best students I’ve ever worked with in my academic and professional life. He has consistently demonstrated his determination to improve his English writing, speaking, and reading for himself and his family. As an amazing artist and engaged community member, I am excited for what the future holds for Mehrdad.

MEHRDAD
My first reason for coming to the Placentia Library District was the beautiful outdoor view of the building; however, when my family and I got familiar with materials and programs, we understood it could be like our second home - full of fun and valuable experiences.

Through the library’s eXPLORE newsletter, my wife found out about the one-on-one tutoring program, so we filled out the forms and interviewed with Esther and Laurel. Aside from the one-on-one tutoring program, they also introduced several useful programs for increasing our abilities in English language and communication, such as the “Read, Write, Speak Club” and “Adult Learner Leadership Institute.”

During the last six months, Mr. Dennis, my tutor, helped me with lots of fresh ideas not only to improve my reading and writing, but also responding to professional correspondence, preparing my resume, and my first workshop about painting. These achievements were possible with Sally’s support, and I consider them as the most important events in my English learning journey.

Hello Friends of the Library!

Recently someone asked me a three part question. What is PLFF? What is it that they do? I was so excited to get that question. It was yet another chance to talk about our wonderful team of volunteers that sit on our PLFF Board. As I sat in our board meeting last week, I thought about that question. My conclusions; we are a family, a representation of our community, we are a group of dedicated volunteers with one main goal; to support the programs at our library.

The 3rd part of his question is the one I liked the most. How can I help? I know there are many of you with that same question.

It is July and it’s the start of our membership drive. Becoming a member is one of the best ways you can help. If you are on our mailing list, you will receive a renewal letter in the mail. If you are like me, I like instant gratification, you can go to our website at http://www.PlacentiaLibraryFriends.com and become a member in a few minutes. On our site you can select from our 5 membership levels:

- Individual-$20
- Family-$35
- Patron-$50 - $99
- Ruby- $100-$499
- Diamond- $500 and above

We also accept tax deductible financial donation. You can make donations on our website.

If you would like to help in other ways, please consider becoming a part of the PLFF Board. We are always in need of dedicated community members looking to make a difference.

Thank you for your time.

Sincerely,

Reuben Skipper

PYLUSD and Placentia Library District Work to Put Kids First

The Placentia-Yorba Linda Unified School District is a dynamic learning community that prepares students for success now and in the future across 34 school sites.

We look forward to the 2023-2024 school year and engaging each child in the learning process through the implementation of core curriculum and effective instructional strategies. It is our goal to be a flagship district for student and family engagement while working to implement innovative programs that support and enhance the educational experience for our students.

Preparation for life beyond school is one of the hallmarks of PYLUSD through our career technical education pathways, our different diploma programs such as International Baccalaureate and Cambridge AICE, our Spanish Dual Language Academy, and our state-recognized transitional kindergarten program, just to name a few.

On the topic of transitional kindergarten, a focus this school year will be growing our early childhood education programs so we may better educate students while attracting families to our district. We will do this through the opening of several new preschool programs and other initiatives. It has been proven that young children who attend high-quality educational programs experience significant strides in language and cognitive development, and we are committed to offering such benefits to our families.

In addition to the educational experience we offer at our schools, we anticipate that our students will take advantage of the Placentia Library’s state-of-the-art facilities and comprehensive collection of resources to support their learning. This includes books and eBooks, research materials, technology, digital magazines and music, and more. Storytime, craft tutorials, and STEAM programs will also provide students of all ages with enjoyable extracurricular opportunities.

PYLUSD is a unique place to learn as a result of these future-ready initiatives and programs, which have sprung from the district’s philosophy of Putting Kids First. We are grateful for the Placentia Library’s shared commitment to inspiring learning in the community, and we look forward to continuing our strong partnership this school year.
